Описание

I hold a Bachelors degree in Agriculture from UNIVERSITY OF SCIENCE AND TECHNOLOGY SOUTHERN PHILIPPINES, completed in 2021. Throughout my studies, I learn about animal science, animal husbandry, agricultural farming, with a particular focus on dairy farming and swine farming . My coursework included subjects such as agricultural economics, and sustainable farming practices, providing me with a solid foundation in both theoretical and practical aspects of agriculture.

In addition to my academic studies, I gained hands-on experience through internships where I applied my knowledge in real-world settings, including tasks. This practical exposure helped me develop a deeper understanding of the challenges and solutions in modern farming.

These experiences have equipped me with a well-rounded perspective on the agricultural industry, blending both academic knowledge and practical expertise.

Throughout my education, I was honored which reflect my commitment to excellence in the field of agriculture. My education has not only prepared me for a career in agriculture but has also sparked a passion for advancing sustainable practices and innovative solutions in farming
