

Anh Duc L.

Mechanical Engineer

ID: 6362

Hi, I'm Duc. Here is some of my information. I am 24 years old. I have just graduated from university. I also started learning German with my teacher.

I am honest, hardworking, responsible and flexible. I can work independently as well as part of a team. With 18 months of experience working in Denmark, I think I will quickly integrate into the European environment.

I am also a cheerful and sociable person. I love to travel and explore new places. That's why I want to have the opportunity to go to Germany to work and learn more about culture and one of the leading agricultural countries in Europe.

I hope we have the opportunity to work together
Thank you!
