I am a hardworking and responsible individual with a strong background in agriculture and hands-on farm work. As a Gulayan sa Paaralan coordinator and teacher in the Philippines, I have several years of experience in managing crops, maintaining gardens, and guiding community-based agricultural projects. I am physically fit and capable of performing daily farm duties such as feeding animals, cleaning barns, milking cows, and maintaining farm equipment. I am eager to learn modern dairy farming practices and contribute to the productivity of the farm. I value teamwork, discipline, and quality work, and I am ready to take on new challenges abroad.
