## Cover Letter

Dear Sir or Madam,

I am writing to apply for the construction worker position in Denmark. I am a qualified craftsman from Ukraine with more than 30 years of experience in construction, carpentry, and furniture installation.

At the moment, I am in Austria but will be traveling to Denmark soon. My goal is to find stable work and contribute my professional experience rather than rely on social assistance. My family had to leave Ukraine because of the war, and my two sons are already in Denmark. I hope to join them and start working as soon as possible.

I have worked as a construction foreman in Ukraine, a furniture installer in Israel (ArGo Nagarim Ltd.), and a construction worker in Poland (Czas Budować sp. z o.o., Oława). For the past few years, I have managed my own carpentry workshop, where I produced and installed custom-made furniture, as well as wooden gazebos, terraces, and small garden structures made of natural wood. I am confident with all major tools and skilled in a wide range of building and renovation tasks.

I would be grateful for your advice regarding the best legal way to arrange employment in Denmark whether through refugee status or a work permit and for your guidance on

where I should arrive if my qualifications meet your needs.

Thank you for your time and attention. I am ready to come to Denmark and start work immediately if you consider my profile suitable.

Kind regards,  
Ihor Vlasenko

---
