Описание

My name is Ayaa Marry Lillian, a Ugandan aged 28 years, and I am writing to apply for an agricultural job at Bixter Company.

I completed my primary and secondary education in Uganda, where I gained basic knowledge in reading, writing, and communication skills. After my formal education, I joined an agricultural training institution where I studied and gained practical skills in crop production, animal husbandry, farm management, and general agricultural practices. This training helped me to strengthen my knowledge and improve my hands-on experience in farming activities.

In addition to my training, I have also worked in practical farm activities such as planting, weeding, harvesting, and livestock care. Through this, I have developed strong qualities such as hard work, discipline, teamwork, and responsibility.

I am a motivated and physically fit person who is ready to work in different farm conditions and continue learning on the job. I am confident that my training and experience will allow me to contribute positively to your company.
